Dear Charles,

Sorry for delay in answering your letter, but we are away from home in the Isle-ofWight for the Summer, until Sept; and we are very busy.

I would very much like to meet the people from Pantelect, please ask them to get in touch with me. I can assure you that no names will be mentioned by me to anyone, I presume you mean the press? If so rest assured. Perhaps we could all meet on Hallowe'en? Anyhow, let me know some news soon. All letters will be forwarded on to me.

I suppose you have heard the latest about Cardell? He sent me an insulting and childish letter which he claims was sent to all the big papers, after he saw the article in "Life" mag; says we are all phoney "Gardner" witches, and says he has put all the secrets in this book of his called "Witch", £1. I have not yet seen this, but am very glad I have most of the inner circle rituals from an old female witch who saw me on T.V., And thought I was worthy of them, so glad Cardell knows so little. He must have read Gerald's books. The witch I mention also sent me her Gt. Grandmother's Athame, 300 yrs old. So theres very little fake in that.

Write soon,

Blessed Be!

Thelema.
